

# CLASSIFICATIONS

When classifying (A, A2 A3, B1, B2, B3, C-1, C-2, C-3)

These horses are classified by class; money made last 3 starts, number of wins in classes, competition.

Horses that do not seem competitive are moved down in class, (but must show some kind of effort) in last 2 starts.

Also monies made last 5 starts enters the equation.

Horses that race in claimers must be resubmitted to race in classified races.

The Race Secretary decision will be final. You are welcome to come and discuss my decision after you race, must show some kind of effort.

The Race Secretary reserves the right to move a horse up to a more competitive class.

Horses that run off in a classified race may be moved up (2) classes.

No horses may not race unless classified.  
No horses may be moved down 2 classes.

Horses may be entered in a higher classification, but if you finish 1<sup>st</sup> or 2<sup>nd</sup> or at the discretion of the Race Secretary they must stay in this higher class.

All classified horses that win will move up in class for a minimum of one start.

After that start you may be reclassified.
