***Please note-very important: Horses racing must have a clean charted line within 45 days prior to racing. This pertains to all MDSS and MDSBRF races also.

Claiming races:

- The minimum claiming price is \$ 5,000
- Horses in claiming races will not be allowed to move up in price unless 1st or 2nd in their last claiming start, or at the discretion of the race secretary.
- If a horse is scratched from a claiming race at any track, they must go back in for the same claiming price or lower in their next start

- A claimed horse that changes trainers must be resubmitted by the new trainer
- All claims must be made with bank draft or certified check. All claims must be submitted to the Ocean Downs race office located in the race administration building. A claimed horse may not be raced outside the state until 30 days expire from the date of the claim or the meet ends.

The check must reflect the purchase price of the horse and 6% MD state tax. For example, price of the horse is \$10,000, add \$600 for tax and the check total becomes \$10, 600. The USTA transfer fee of \$40.00 can be paid separately by cash.

Claims must be made 20 minutes before post time for the race in which the horse is participating.

***Note: very important: **A claim shall be voided if a horse is a starter and the Horse dies on the racetrack or suffers an injury which requires the euthanasia of the horse, or if deemed lame, as determined by the State Veterinarian, while the horse is on the track.**

- No horses may enter to race without first approval from the race secretary prior to entering.
- Horses scratched from posts seven and/or eight (other than a management error or a judges circumstantial call) will be assigned the same post in their next start if re-entered at Ocean Downs within 14 days in an overnight event.

Classified races:

- Ocean Downs will be utilizing a hybrid classified/condition system that matches horses of equal ability by having each horse assigned a speed rating as well as per start earnings; this will include per start earnings and the Track master ratings.
- The lowest classified event is preferred to Maryland owned/sired/bred and must have five or more starts in 2023 to be eligible; the top classes may be handicapped by ability and/or money.
- No horses may enter without being approved.
- The race secretary reserves the right to move a horse in case of an ownership/trainer entry conflict in a particular event. He may then move up a horse from a lower class to fill that spot and then replace that horse with one coming from the higher classified event.
- Ocean Downs reserves the right to rule a horse too competitive, non-competitive and may also rule a horse off the grounds.
- If a horse's last start was not at Ocean Downs, it will still maintain a speed rating assigned to it from the track where it last raced.

General:

- The 45 day rule is in effect for the summer meet after the initial period of time. It must be a clean charted line.
- The 45 day rule will also be in effect for Maryland Sire Stakes and Maryland Fund Races.
- Horses entered with a first or second choice of events that will not get in by date may be moved to the second choice. When entering, always enter with your first choice in mind.
- A horse entered in a class to which it is not eligible may be listed as not eligible and left out, or transferred to another class at the discretion of the race secretary.
- Entering horses in classes where not eligible, or with no knowledge of which classes are eligible to race in, or attempting to make entries without a condition sheet may result in the entries not being accepted.
- A safety vest and helmet must be worn at all times while on the track, including morning jogging, training prior to the races, warming up and qualifying races. NO shorts are to be worn during qualifying races.

- **Definitions of Maryland owned and or bred:**

MD bred- horses must meet the criteria outlined in COMAR 09.10.02.43 (C)

- MD sired- Horses sired by a registered MD stallion in the year bred

- MD owned- defined as owner by a MD resident at the time of declaration; if the horse has multiple owners, all the owners must be MD residents.

All MD owners MUST comply with the rules and regulations associated with the bonus (please see the section located elsewhere on this web site).

- Conditions sheets will reflect 80% MD owned, bred or sired races as per the MD Racing Commission, 80% of the races carded will be MD O/S/B and daily draw sheets will be posted.
- **Note when entering: it is strongly recommended that you enter your horse(s) electronically via the USTA system. You may also phone your entries in.**
- Trainers are encouraged to enter MD O/S/B races with non MD O/S/B horses. MD races not filling properly will be opened.
- **Also note: when paying starting fees for all MDSBRF and MDSS races, Ocean Downs will be accepting check only-NO cash please.**
- **VERY IMPORTANT: ALL HORSES PROGRAMMED TO RACE WILL BE REQUIRED TO PAY A \$35.00 ENTRY FEE (MDSS and MDSBRF RACES EXCLUDED). THIS WILL BE DEBITED.**
